Goodbyes are hard.

We're discontinuing **Advanced Dark Spot Correcting Serum**

but here's one last (free) bottle to
make it a little easier.

You must **contact us ASAP** to replace Advanced Dark Spot Correcting Serum with another product so that your next subscription order can ship. *Not sure what to choose? We've made a suggestion for you on the back.*

You won't receive your next subscription order until you make this change.
